

Futtura Heavy Duty Aluminum Flat Head Tripod with Quick Clamps

Model Number: 60-ALQRI20

The heavy-gauge aluminum is resistant to dings and dents, yet is lightweight enough to carry easily from job to job. Double-banded legs stabilize the base while positive locking clamps keep your equipment steady and secure during use. The metal parts are powder painted and wear-resistant for a long product life. Includes a shoulder strap for quick and easy transport.

Features:

- The tripod offers a positive locking quick-release style clamp.
- 5/8" x 11 threaded stud, with replaceable shoe points
- Individually tightened hinge screws
- New 25% larger tripod head
- Hinge stops to prevent the legs from slipping out.
- Color: Black

Specifications:

- Weight: 10 lbs.
- Locking Mechanism: Quick-Clamp
- Min. Height: 42-in (106.68cm)
- Max. Height: 65-in (165.1cm)
